

Norwegian Elkhound Notes 8th February 20026

Very brief notes this week.

The schedule is now on Fosse Data for the NEAS Open show which will be held on 15 May, judged by Luke Johnston (Danluke).

The Crufts entry has now been published. There's an excellent entry of 50 from 49 dogs.

On January 27th Jill Cowper announced the passing of Ch Rothebnorg Olav. She wrote "My Ch. Rothenborg Olav has had to be assisted over the Rainbow Bridge after suffering a massive seizure last night. The vet did all she could but to no avail. 'Ollie' spent his retirement years with 'Vega' at Wynn Swann's and was adored by everyone who met him. I went to see them only a couple of weeks ago.

Son of 'Lyng' and Leaha and father of Ch Whittemere No Nonsense of Rothenborg, he was one of my last home bred Champions and a true favourite.

Run free little man, you were so loved."

Condolences to Jill and t o Wynn Swann.

PLEASE remember, if you have had health tests done that don't automatically go to the Kennel Club, you need to send them in yourself and also inform Barbara Barganska who is the Breed Health coordinator.

If you don't show your Elkhound, the Club is still for you but it seems there is very little for pet owners so please, if you have any suggestions how we can involve more pet owners, do let me know and I will pass it on to the Committee. The magazine is for pet owners but since it went online some people miss out. Elkhound day is popular and in some areas walks are arranged privately but we need more ideas. What would you all like? Health articles? How to deal with cysts? How to groom properly, Advice on weight? Please send suggestions.
